

Daisy Nursery Learning Focus Share – Spring 4

The children had an amazing time dressing up for World Book Day. They came in as Princesses, Unicorns, Brown Bears, Wally, Spiderman, Batman, Pikachu, or their favourite characters from Paw Patrol! They found it amusing to see the adults dressed up in Where is Wally and Pig costumes. During the day children shared reading books with each other and the adults, some of their favourites were 'Hide and Seek Pig', 'The Cave', 'Peppa Pig Canal Boat' and 'Three Little Pigs'. What a fantastic way to encourage a love of reading to feed their curiosities with knowledge and imagination!

Children enjoyed planting sunflower seeds for the special people in their lives on the Mother's Day. They were careful to put the soil in the little pots then planted the seeds. "Needs water," one of the children said. One of the adults asked where we can put the pot now, another child answered, "In the garden!" They are learning about the world around them and what elements the seeds need to grow.

Transport Sorting Game

During the Chatter Matters week, children had great enjoyment playing with the transport game. The aim was to organise transport vehicles according to their movements in sky, water, or land. We talked about how we travel to nursery, shops, and holidays. We also sang the Wheels on the Bus song.
