

Please can all parents be advised that parking in the car parking area outside the Nursery gates is forbidden. Can we please ask that all parents park considerately in the roads around Glebe Avenue.

We have given prior permission to some of our parents whose children use wheelchairs or specialist equipment, to park directly outside Nursery.

We appreciate all of your support in this matter in helping to keep our children safe.

**Please do not park your car over, or too near to, the fire hydrant. It is illegal to obstruct a fire hydrant. Anyone found to be obstructing a fire hydrant can be convicted and be fined.**
