'You make the difference,
today, tomorrow, together'

Family / School Partnership Agreement

We believe that Children should leave our Nursery School with:

- Motivation, curiosity, creativity and perseverance which enables them to learn
- Communication skills to help them socialise, be part of a group and learn effectively
- A strong sense of well-being and good self esteem which enables them to take their place in our community
- A sense of empowerment which gives them the confidence to reach their full potential

This is why Children at BHNS

- Are recognised and respected as unique and their achievements celebrated
- Become independent learners who are motivated and approach opportunities with confidence
- Develop intellectually, physically, emotionally, socially and creatively.

This is why Adults at BHNS:

- Value partnership working with families and communicate effectively to support parents as 'advocates' for their children's learning.
- Nurture children's curiosity and delight and encourage exploration
- Provide a warm and caring learning environment where all feel welcomed and self-esteem is nurtured.

We will

- Value and respect your child as an individual
